Jack in the Box MHF/004

All cards are sold as a pack of six. The interior of the cards are blank. Printed on FSC-approved card, and includes a kraft recycled envelope. The outer wrapper is made from biodegradable corn starch.

Martin has been a freelance artist since 1997, and studied graphic design at Herefordshire Art College. His first work was for Orange Goblin's first album and has done numerous album covers since, all heavy metal bands which no-one's heard of! He's also worked for gaming companies and book publishers. His inspiration comes from many sources but believes reading an Edward Lear book aged nine had a profound influence!
